

We accept printed Bitcoin tips!

003

Bitcoin is an open source digital currency. You can transfer it worldwide with very low fees. Bitcoin uses cryptography and P2P technology to operate, and does not require central authority. For more information, search "bitcoin" online.

Thank you for your service!

Please claim before the expiration date below, or the Bitcoins will be returned to the donor.
Expires: Apr 24, 2014

Print Bitcoin tips and use it for gratuity

This website generates printable A4 template with multiple BCTips per sheet

Each BCTip contains a unique URL with customizable value of \$1-\$10, and a brief description of Bitcoin for the general public.

You can present the printout to anyone as gratuity and it is up to them to redeem it.

If the value is not redeemed within one month, the BCTip expires and the money goes back to your wallet. This is BCTip signature feature, safe and convenient.

You can generate BCTips yourself at:

www.bctip.org

Create it yourself

Just make a deposit, download the PDF file and print it out.

Versatility

BCTip could be an addition to an old-fashioned cash tip or just a gift to a friend.

Zero risk of loss

If tips are not claimed within one month, the remaining funds will be transferred back to your wallet.

Free

This service is free, but donations are welcome. Give us a little tip for our tips.

Promote Bitcoin

People need to know about the advantages of Bitcoins - give them tips to spread the word.

Localization

BCTips can be created in multiple languages and used all over the world.
